How it works...

- If you have insurance that covers acupuncture we will print you a receipt for you to claim directly with your insurance company. You are responsible for your billed charges at the time of service.
- Most conditions require an average of 6-12 treatments, although some will respond well within 4-6 visits and others may require a longer series – this depends on the severity and the chronic nature of the chief complaint.
- MasterCard and Visa are accepted as well as Cheques. If paying by cash, please have correct change available.
- Your appointment time is reserved specifically for you. In the event of a missed appointment or an appointment cancelled with less than 24 hours notice you will be charged the full fee for the appointment. Insurance will not pay for a missed appointment.
